

ACHPER

OUTSTANDING PRACTITIONER IN Health and Physical Education Senior Secondary School Sector

REBECCA THOMAS

Rebecca coordinates the highly successful athlete development netball program at Elizabeth College. 2014 marks the 10th year of this unique netball program that is flexibly delivered to students in years' 9-12.

Since its inception, ADP netball has provided an opportunity for over 400 motivated young netballers to develop all aspects of their game. As well as benefitting from the technical expertise Rebecca and her coaching team impart, students develop their overall fitness through a structured program, and they also develop their knowledge and understanding around a range of sporting topics through delivery of sports tutorials.

Formerly an assistant coach at the AIS netball program, she is one of the most highly regarded coaches in Australia. She has a passion for giving back to the game and providing opportunities for young players to achieve their potential. Her contribution to the overall program at Elizabeth College has been exceptional.
