

2016 ACHPER TASMANIA OUTSTANDING PRACTITIONER K-10

ABBHEY PENNINGTON

Abbey's dedication to improving the health and wellbeing of her school community is second to none.

She actively engages outside support and always looks for ways to include businesses and the wider community in our school programs. Abbey has involved local personal trainers in the school to work with students, highlighting not only ways for children to live healthier lives, but also to see career pathways and opportunities.

Abbey continually reviews her program to ensure it meets the needs, capabilities and interests of the students Kindergarten to Grade 10. She collaborates with students and builds programs around their needs, reflecting the positive relationships she builds with them. Abbey also leads her staff in promoting healthy choices and assisting with their classroom programs.
